Are you using the Panasonic universal remote control? then we mentioned all Panasonic TV codes that you can get from the list below. Here I want to ask you a question, I mean, don't you know how to program a Panasonic remote code? then why late just follow the three methods below from those methods you can easily program the universal remote with any of the methods below. If you want to program without codes, then you can do with the method below too. Useful links:TV Codes remote DVD Panasonic Blu Ray Codes Remote CodesPanasonic Universal Remote Codes12311289104912921295101123100311521096Panasonic HDTV Universal Remote Codes1169, 1410, 1140, 1336, 1170, 1234, 1331, 1442, 1417, 1233, 1194 Panasonic in the automatic search method, all universal remote codes have passed through the scanning process in the remote control. Scan a code at a time to find out the correct remote code that works with the remote to program control. Follow the instructions below: "Switch On" the smart device as "TV" you want the universal remote control to operate. "Turn on" the remote control, tap on the device button (TV, DVD, CBL and OK/SEL) for 3 seconds. LED light indicates that the device is ready to program. Indicate the remote to the device and click "CH+" & "CH-" switch. The remote will show on/off signals. Press the "up" or "down" button all the time until the device turns the code by clicking on the "power" button. The device should turn on. If it starts, try changing the channel to verify that the remote is programmed properly. Now tap the "device" button to save the code. Device LED flashes twice to confirm the code stored. How to program Panasonic Universal Remote with the Manual Method Using the key code we can easily program a universal remote control and the key code identifies the make and model of your equipment. First of all it is necessary "Turn The Device On"Press the "TV" on your "remote universal plate" Now press and hold the "Setup button" of the universal remote until it shows the "Light Flash" (It means that it is in "Learnwer" mode) Finally enter the "Mouse code" you collected from the programming guide (Instructions Booklet) Once you have done this procedure, just " This is all, the TV will work perfectly now with the universal remote, if the device does not work, then try to repeat the same procedure with the code different from the same part of the reference table. How to program Panasonic Universal Remote with code search If you can't find the key code that works for the device at that time you can set the universal remote for the search mode for the correct one. Its a code in manual that compels the remote in the search modeFirst of all "Turn The Device On"Now press and hold the "Setup" buttonEnter the "9-9-1" (three digits) codeNow hold down the "Power Button" on the remote and then press the channel on them until the device in this case the television "Turns Off"The above method could take a little timemore, but it is very important to find the key code. Once the procedure above the remote control is done, it should work for all functions.
